

In-Plant Training Workshop Program!

Did you know that **HART Industrial Unions, LLC** now offers **In-Plant Training Workshops** designed to cut costs and increase your process equipment reliability?

HART In-Plant Training Workshops are not just workshops; they are *Value-Added Service Programs* that focus on how HART's innovative flat-faced O-ring unions can reduce downtime, increase productivity, and extend equipment life in your plant.

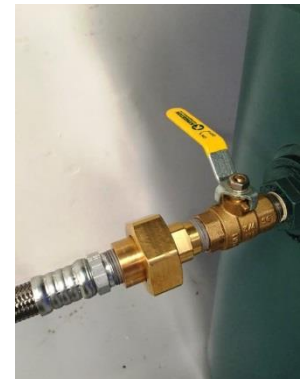

Training features include:

- Hands-on training
- History of Sure Seal O-Ring Unions
- Union Features & Design Benefits
- Product Line-Up
- Design Standards
- Transition and Reduction Capabilities
- Future Designs and Innovations
- New products and OEM applications
- Customer Application Case Histories
- Review of common failure causes and prevention
- Each Workshop tailored to meet your needs
- In-plant tour, pre-survey and follow-up

Our one and a half hour, hands-on training workshop delivered by a HART Product Specialist, will give your staff the knowledge and tools to:

- Save time
- Improve process efficiency
- Improve equipment reliability
- Improve product quality
- Reduce energy costs
- Improve operator safety
- Improve plant hygiene

Our continuous innovations and application specific products offer a wealth of design flexibility and new methods for our customers. **HART** offers a variety of training opportunities to gain hands-on experience, use our products, and improve manufacturing and facility operation efficiency.

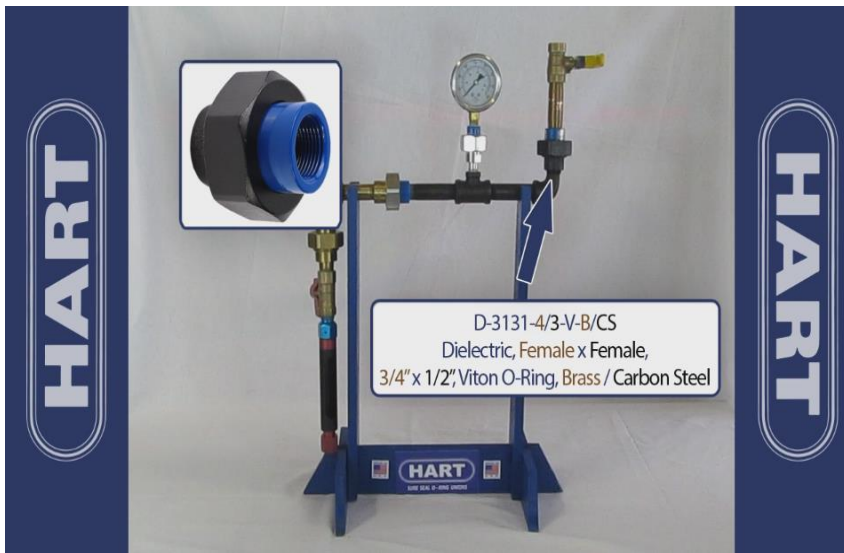

Import-Style
Ball/Cone Union

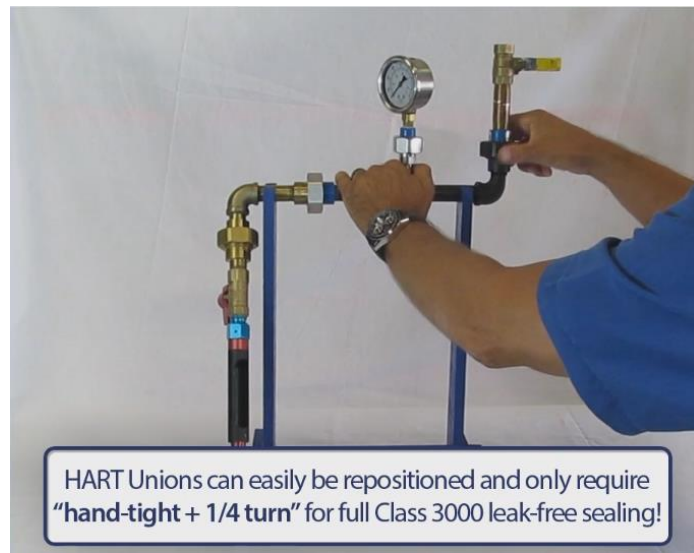

HART Precision Machined
Domestic Dielectric Union

HART Flat-Faced O-Ring design makes pipe alignment easy since it is unnecessary to spring the line during make-up or disassembly!

D-3131-4/3-V-B/CS
Dielectric, Female x Female,
3/4" x 1/2", Viton O-Ring, Brass / Carbon Steel

HART Unions can easily be repositioned and only require "hand-tight + 1/4 turn" for full Class 3000 leak-free sealing!

If you would like to schedule a **HART In-Plant Training Workshop** for your team, please call us at 1-800-769-0503 or e-mail us at sales@hartindustries.com to schedule a training workshop at your location!
